Reliance Hospice

PATIENT CARE ENHANCEMENT SERVICES

MASSAGE AND THERAPEUTIC TOUCH

Promotes comfort and relaxation by reducing pain, anxiety, and depression. Therapy may include massage, reike, and other modalities.

AROMATHERAPY

Aromatherapy is the holistic intervention enhancing the physical, emotional, mental and spiritual health of the individual. It is used to reduce anxiety, encourage sleep or relaxation, ease nausea, improve mood and increase a sense of well being.

DEMENTIA CARE PROGRAM

Specialized care plan designed for memory care patients to alleviate restlessness, boredom, and reduce falls.

THERAPEUTIC MUSIC ACTIVITIES

Music therapy uses music interventions to address physical, emotional, cognitive and the social needs of individuals.

ART ACTIVITIES

Art therapy is an evidence-based complementary therapy that addresses emotional, psychological, and spiritual needs. Art therapy isn't only beneficial for patients. It creates meaningful opportunities for family participation.
